

Welcome – to Convenient Everyday Health Care!

Brought to you by your employer, Kavira offers a better healthcare experience for you and your family. Our experienced team of clinicians provide same-day primary and urgent care via home visits and telehealth. No more trips to the doctor - all care is provided through house visits and via our mobile app.

There are no copays, insurance hassles, or surprise bills. Members can do everything online or in our app, including messaging, scheduling house visits, requesting prescription refills, and videochatting with Kavira providers.
